---

## PROJECT EXPERIENCES

<b>PUB Pledge to Save Competition – 3<sup>rd</sup> Runner Up</b>
Designed and developed a website using HTML, CSS and JavaScript that aims to spread the importance of water conservation and allow people to pledge to save water online.
<b>Regional Sales Monitoring Dashboard</b>
Developed interactive regional sales monitoring dashboards using Tableau and Tableau Prep to gain deeper insights on regional sales performances. Designed and created star schema for data marts to build the dashboard.
<b>Social Service Innovation Project – Design Thinking and Rapid Prototyping</b>
Created personas using interview data and created storyboarding to map out customer journey using Figma and Canva. Applied design thinking methodology to redesign current healthcare e-appointment system to be more elderly friendly.

---
